China Nutrition Expert of

PET FOOD

Shandong Luscious Pet Food Co.,Ltd

Company Profile

Shandong Luscious Pet Food Co., Ltd is one of the most experienced pet treats manufacturers in China. The company also has grown to be one of the largest producer of dog & cat treats since its establishment in 1998. It has staff of 2300, consists of 7 high standard processing workshops with capital assets of USD75 millions and export sales of USD67 millions in 2021. All the raw materials are used from the standard slaughter factories registered by CIQ. Also the company has its own 20 chicken farms, 10 duck farms, 2 chicken slaughter factories, 3 duck slaughter factories. Now the products are exporting to US, Europe, Korea, Hong Kong, Southeast Asia etc.

Luscious

- 1998 ● Founded in July 1998, mainly produce dry chicken snacks for the Japanese market.
- 1998 ● ISO 9001 quality system certified.
- 1999 ● HACCP food safety system certified.
- 2000 ● Shandong Luscious Pet Food Research Institute was established, which had three employees and invited experts at the Japan Pet Research Institute to serve as our advisers.
- 2001 ● The company's second plant was completed and put into production, with an annual production capacity of 2000MT.
- 2002 ● The registration of the trademark "Luscious" was approved, and the company began operating this brand in the domestic market.
- 2003 ● The company was registered with the U.S. FDA.
- 2004 ● The company became a member of APPA.
- 2005 ● EU food export registration.
- 2006 ● The company's pet food cannery was built, primarily producing canned food, ham sausages and cat food products.
- 2007 ● The trademark "Kingman" was registered, and Kingman products are very marketable in a number of cities across the country, including Beijing, Shanghai and Shenzhen.
- 2008 ● Built our own laboratory, could test microorganisms, drug residues etc.
- 2009 ● UK BRC certified.
- 2010 ● The fourth factory has been established with 250000 square meters.
- 2011 ● Start the new production lines of wet food, biscuit, natural bone.
- 2012 ● The company won the industry top ten award of China.
- 2013 ● Start the new production line of dental chew. At the same time the company upgrades and implements organized systems, marketing systems, services systems and ERP management system fully.
- 2014 ● The canned food production dept. equipped with the automatic filling machine and it makes the company to be the first one to hold it.
- 2015 ● Successfully listed on April 21, 2015. And the share has been named LUSCIOUS SHARE, the code is 832419.
- 2016 ● New pet food factory in Gansu started to build; Duck meal product project started, the workshop officially started production.
- 2017 ● New pet food factory in Gansu started production, production capacity of 18,000 tons per year.
- 2018 ● Expand the area of wet food workshops and increase the productivity of wet food products. The workshop mainly produces canned food, cat strips, boiled meat and other products.
- 2019 ● The company obtained FSSC/GMP/BSCI certificates.
- 2020 ● It is planned to build two main grain workshops and build a freeze-drying upgrade production line to expand the types and productivity of freeze-dried products. It is expected to be completed in 2021.
- 2021 ● It is planned to build two subsidiaries located in Yantai and Yangkou. The company's dry pet food workshop and freeze-drying workshop have been completed and put into production. The company's entire R&D room is under construction, which will provide pets with more healthy and delicious food.
- 2022 ● In March 2022, Luscious shares were listed and publicly issued on the Beijing Stock Exchange. The stock is referred to as "LUSCIOUS SHARE" and the stock code is "832419".
- 2023 ● Set up a branch in Cambodia and put into use. We have successfully passed BRC, FSMA, HACCP and ISO22000 four international certifications. It can produce all kinds of jerky and rawhide products. In order to better serve customers and the safety of pet food, our food irradiation center is under construction.

Company Purpose: Produce healthy food, to be the world brand.

Business Concepts: Service first, best faith, good quality, offer for pets.

Sales Network

The treats are popular in six continents

Pet treats manufacturer since 1998 with 250,000 square meters. We have our own labels of LUSCIOUS and KINGMAN. We warmly welcome OEM Orders.

Material from our own farm

quality could be controlled

Team:

The factory has special qualified team of 50 employees working in each procedure of the production. Most of them have more than 10 years of experience in their work.

Material:

All the raw material are from our own farm and the China Inspection and Quarantine registered plant. Each lot of materials will be inspected after coming to the factory. To make sure the materials we use are 100% natural and health.

Production Inspection:

The factory has metal detection, moisture test, high temperature sterilization machine etc. to control the production safety.

Finished Product Inspection:

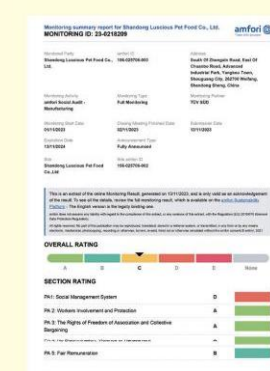

The factory has developed laboratory with gas chromatography and liquid chromatography machine also with all the machine used for checking of chemical residual and microorganisms. The process are checked and controlled from beginning to end.

The Third Party Inspection:

We also have long-term cooperation with the third party test institution like SGS and PONY. To make sure the validity of all the results from our own lab.

China's first fresh meat added 80% of the 3+1 production line

The company is equipped with two twin-screw extruding machines, one produces 3 tons, the other produces 1 ton, and is equipped with the first set of high fresh meat addition technology in China, the highest fresh meat addition amount reaches 30%, the first protein content of the grain added with fresh meat has been significantly improved, but also improved palatability and oral resistance, breaking through the concept of traditional extruded grain.

Meat powder, fat production line 2.

1 fresh meat dehydrated production line.

1 fresh meat enzymatic hydrolysis production line.

1 Maillard reaction production line.

Annual production capacity of 15,000 tons, has been exported to Europe, South Korea and other regions.

New lines will be with 30,000tons.
